IMPORTANT TO KNOW:

The Cash Back Benefit, Groceries Benefit and two year's cover for your family after you pass away is dependent on your death claim being approved.

You are covered from your first successful debit for accidental death and injury.

If your debit is not successful, you are not covered.

There is a six month waiting period for natural death and a 12 month waiting period for death caused by HIV/AIDS related illness.

Accident Cash Benefit is for accidental injury only, not illness. You will be paid R1 000 per day spent in a medical facility, up to 100 days. (A day is a complete 24-hour period)

Your first year's payments will be paid back to you after 48 consecutive successful debits.

The death cover for you and your spouse is R30 000 and up to R12 000 for your children.

The two year's cover for your family after you have passed away, is dependent on your spouse being covered under this policy, at the time of your death.

This is not a medical aid scheme and the cover is not the same as that of a medical scheme. This policy is not a substitute for medical scheme membership.
